

FINANCE & MANAGEMENT CONSULTANCY FAIR 2026

Friday 9 October
12:00 - 15:00

Examination Schools
OX1 4BG

www.ox.ac.uk/careers/fairs

WELCOME TO THE FINANCE AND MANAGEMENT CONSULTANCY FAIR

The [Finance and Management Consultancy Fair](#) is for Oxford University students, researchers and alumni who are considering a career in accounting, insurance, banking, investment management, quantitative trading, strategy, management consultancy, and beyond.

At the fair, participants can start planning their next career steps or focus their search, find full time jobs, graduate schemes, and internships, and network with top recruiters.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask e.g., what are the pros and cons of their work? Or what tips can they give you to increase your chances of being selected for work experience or employment?
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

Read more on how to [make the most of a careers fair](#).

PRE-FAIR TALKS

Alumni @ the Finance and Management Consultancy Fair

11:15 - 12:00, Examination Schools

Advice session for alumni attending the fair, with tips on how to make the most of it.

Researchers @ the Finance and Management Consultancy Fair

11:15 - 12:00, Examination Schools

This pre-fair session looks at ways to engage with companies of interest at the fair, with a focus on how to present the skills gained through your research training to non-academic employers.

Insights into Data-Driven Problem Solving with a Capital One Strategy Analyst Manager

11:30 - 12:00, Examination Schools

Join Kyra, a Strategy Analyst Manager at Capital One UK and Oxford alumna, for an insider look into how data-driven strategy shapes our business and customer impact.

Kyra launched her career through our Strategy Analyst Internship and Graduate Programme and now leads part of our Customer Engagement Strategy, translating quantitative analysis and judgement into real-world commercial impact.

In this session, she'll bring the Strategy Analyst role to life, break down the core skills and behaviors that drive success at Capital One, and share her own learnings and journey. Most importantly, Kyra will bust the common myth that you need a Finance degree to work in finance or consulting, showing how quantitative problem-solvers can thrive here.

Whether you're exploring summer internships or graduate opportunities, come discover how your analytical mindset can make an impact and start your career from someone who has done it themselves. Students must have a STEM/Economics degree and a maths A level.

POST-FAIR TALKS

AlphaSights @ the Finance and Management Consultancy Fair

15:00 – 16:00, Examination Schools

AlphaSights is a global leader in connecting professionals with the knowledge and expertise they need to make better-informed decisions.

Hear from Alice Cripps, Manager on our Private Equity Accounts team, as she shares how she built her career at AlphaSights, the opportunities that have shaped her journey, and what it's really like to work in a fast-paced, commercial Client Service role.

This talk is your chance to discover what sets AlphaSights apart and how you can become part of our dynamic team.

Nomura - Connecting Markets East & West (Post-Fair Talk)

15:00 – 16:00, Examination Schools

High level overview of Nomura:

A brief history of Nomura and their employees.

Group structure & corporate functions: we will go over the divisions and teams within Nomura.

Why Nomura? - "Connecting Markets East & West"

Early Careers Overview:

Programmes and locations - we will discuss in detail our spring insight programmes, summer internship and off cycle internships (regional only).

Application process - the process from the application form -> online test -> first round interview -> final round interview -> offer.

Our applications questions for all vacancies - I will highlight what makes a candidate stand out when responding to these questions and point out errors to avoid.

Interview preparation: advise the students to understand how the business works and the role that they are applying for.

POST-FAIR TALKS

RBB Economics – A Career in Consulting

15:00 – 16:00, Examination Schools

As an Oxford University economics student, you are invited to attend our recruitment presentation to find out more about working at RBB, our approach, our people, and some insights into recent case studies. RBB Economics is a world-leading economics consultancy specialising in competition matters, with offices across Europe, South Africa, South America, Asia, and Australia.

Our economists advise clients in their dealings with competition authorities across a range of industries. Working mainly for large global businesses, we develop, test and present economic arguments and provide independent economic reports on behalf of our clients to competition regulators and courts.

Our work involves the application of microeconomics and econometrics to competition law matters, and our economists have the skills and outlook to flourish in the face of complex and intellectually challenging issues. We recruit all year round and are currently looking for exceptional, highly motivated economists to join the firm as Associates. We also offer internships to undergraduate and postgraduate students.

Accuracy UK

Accuracy provides independent and trusted advice to corporates, law firms, investors and lenders facing complex and challenging situations. We provide expert support on Transactions, Disputes & Investigations, Restructuring, Valuations, Project Advisory, and Strategy & Transformation.

At Accuracy, wherever you join us, you become part of a collaborative, global firm. Our teams share knowledge, training, and project experience across borders, giving you immediate access to diverse perspectives and international opportunities.

Accuracy's strength is to connect strategy, facts and figures. Our team works on global assignments, combining skills across:

- Financial analysis and modelling
- Business and share valuations
- Financial and strategic due diligence
- Quantitative market analysis
- Damages assessment
- Complex construction and infrastructure projects
- Project management

Departments of interest: Business School | Civil and Environmental Engineering | Mechanical Engineering

CONSULTING

Advancy Consulting

Advancy is a global international management consulting firm established in 1999, headquartered in Paris, with a worldwide team of over 280 consultants. They partner with the C-suite of major corporations and investors to tackle challenges in corporate strategy, performance, and marketing.

Find out more at: <https://advancy.recruitee.com/>

CONSULTING

AlphaSights

Looking to start your career in a fast-paced commercial role?
Seeking to have immediate personal impact with a clear career path ahead of you? If so, our Associate Program is the right choice for you.

Founded in 2008, AlphaSights is the global leader in knowledge on demand. We connect investors and business leaders with the knowledge they need to succeed. Working from nine cities globally, our 2,000+ colleagues provide round-the-clock coverage to the world's top investment funds, consultancies, and Fortune 500s.

Find out more at: www.alphasights.com/careers/open-roles/

CONSULTING

Alta Advisers

Alta oversees a long-term oriented portfolio that aims to generate attractive risk-adjusted returns after inflation. Given our clients' multi-decade time horizon, the portfolio has an equity bias to achieve high returns. To provide diversification, it is invested globally across conventional and alternative asset classes that include: public equities, leveraged buyouts, venture capital, real estate, and hedge funds. Within each asset class, we partner with world-class investment managers that are experts in their fields. These managers select individual securities and add value through active management. We can access the most knowledgeable investment groups, perform detailed and differentiated fundamental research, and form independent and fact-based investment judgements. This approach, similar to that pursued by some leading U.S. university endowments, allows us to access diverse investment opportunities, ranging from timber to venture capital to biotechnology.

We have a successful track record of training and developing new hires out of university; as such we are looking for outstanding and curious candidates to work closely with the investment team as Summer Interns. During the six-week internship programme you will gain hands on experience and insights into the role and responsibilities of an investment analyst. You will have a chance to meet with leading investment funds across asset classes. Interns will also be encouraged to shape new investment themes by conducting an independent research project and presenting their findings to Alta's senior team.

The strongest candidates will be extended offers to start as full-time Investment Analysts in 2027 or 2028, depending on your graduation date.

Find out more at: <https://altaadvisers.hr.candidats.io/>

FINANCE

Altman Solon LLP

Join the Altman Solon team!

CONSULTING

Analysys Mason

We are Analysys Mason, the award-winning specialist management consultancy for business-critical technology and digital infrastructure. We help clients make high stakes technology decisions with confidence, and we turn those decisions into action.

We provide bespoke strategy, transaction support and transformation consulting. Our work is combined with research and insights that draw on forty years of proprietary data and experience, giving our teams the evidence and clarity to support complex business decisions and to shape what comes next.

Since 1985 we have grown to 400+ professionals across 17 offices in 13 countries, and our experts have delivered work in more than 140 countries.

Our vision is to be the leading authority and catalyst for digital change, connectivity and inclusion. We help businesses, governments and investors use technology to create a world that is more connected, competitive, sustainable and secure.

Join us as an Associate Consultant and start your career in consulting!

Find out more at: www.analysysmason.com/careers/

CONSULTING

Aurora Energy Research

From its academic roots, Aurora Energy Research is a thriving, rapidly growing company, currently serving over 700 of the world's most influential energy sector participants, including utilities, investors, and governments.

While we constantly strive to reach new markets and diversify our product portfolio, we are already active across the globe in Asia-Pacific, Latin America, Europe, and North America, working with leading organisations to provide comprehensive market intelligence, bespoke analytic and advisory services, and cutting-edge software.

We are a diverse team of experts with vast energy, financial, and consulting backgrounds, covering power, hydrogen, carbon, and fossil commodities. With this, we provide data-driven intelligence to fuel strategic decisions in the global energy transformation.

At Aurora Energy Research Ltd, we are committed to creating an inclusive recruitment process and working environment that supports disabled and neurodivergent candidates and employees to perform at their best, with accessible spaces and flexibility where appropriate. We also provide practical support through workplace assessments and access to our Employee Assistance Programme to help identify reasonable adjustments and wellbeing support.

Find out more at: <https://auroraer.com/careers/early-careers>

CONSULTING

Bastion Trading

Bastion Trading is a proprietary trading firm founded by a group of traders, technologists and operations specialists focused on a singular goal to create the world's best trading house by consistently pushing the boundaries of conventional thinking about the capital markets.

While using technology as our core strength, we take a multi-disciplinary approach to consistently position our capital to reap the highest risk-adjusted returns on market inefficiencies we identify. Leveraging advanced quantitative models and cutting-edge technology, we engage in trading across global financial markets.

We seek people with bright minds and humble mindsets. Believe in yourself, put in the effort, and change the game.

Find out more at: <https://bastiontrading.com/careers>

FINANCE

Bernstein

Bernstein is widely recognized as a premier global equity research and brokerage firm, with a trading platform that spans the US, Europe, and Asia. Our research and trading capabilities are sought out by leading investment managers around the world, and we have a long history of our research receiving #1 rankings for overall quality and industry knowledge.

Each year, we welcome some of the best and brightest people to our offices as summer interns and Associates. We invite you to apply for one of our full-time Associate programmes or 10 week Summer Internship positions. We often offer successful interns an opportunity to enter our Associate programme after they graduate. We generally prefer students reading economics, engineering or the sciences, or with some prior exposure to accounting and finance, but we consider strong students across all disciplines.

Current students are welcome to attend this event, where you will learn more about the world of equity research and talk to company representatives.

For candidates applying to join Bernstein, we would ask whether they require any adjustments during the recruitment process and, where possible, seek to accommodate these to ensure an accessible and inclusive experience.

Where a Bernstein employee informs us that they have a disability or that they are neurodivergent, we engage our occupational health provider to carry out an assessment and provide professional guidance. Based on their recommendations, we consider any reasonable adjustments that may be appropriate to support the employee and help ensure they have the best possible working environment.

Find out more at: www.bernsteinresearch.com

FINANCE

BNP Paribas

BNP Paribas is a leading international bank operating across Europe, the Americas, Asia-Pacific, the Middle East and Africa. Through our Early Careers programmes, we provide students and graduates with opportunities to learn, develop and explore careers across banking, markets, technology, operations and risk.

FINANCE

Cairneagle

Cairneagle is a boutique strategy consulting firm with a difference. We are award-winning education specialists with deep sector expertise. Our consultants create innovative solutions for clients in the UK and internationally that drive competitive advantage in delivering their educational missions. Education is a wide-ranging, constantly evolving sector, and our clients range from educational institutions and education services providers to investors including private equity firms.

We are international; our projects span the UK, Europe, Asia, the Americas, and Africa and this global reach is reflected in our team. We value diversity and recognise the impact a positive culture can have. Our team consists of individuals with different academic, professional and national backgrounds, sharing a common set of traits: outstanding analytical skills, intellectual curiosity, and an ability to get things done. Everyone's contributions and opinions are valued, and our people are encouraged to take an active role in broader aspects of the business. Regular team socials, project dinners, and team-building activities forge positive relationships and boost productivity. We are growing our team and are seeking exceptional candidates.

CONSULTING

Capital One (Europe)

We're on a mission: to change the world of credit for better – one good thing at a time. You might think of us as a credit card company, but we're just as much a technology business. And we're here to make a positive difference – to our customers, our colleagues and society as a whole.

Join us as a Strategy Analyst Graduate or Intern and you'll get to make a real and valued contribution to wide-ranging projects that have a meaningful impact on people's lives. You'll get great training and, as new doors open, there'll be no limits to what you can achieve. Just look at our former CEO, Lucy Hagues, who started out on our Graduate Programme and now leads our business as the Head of International.

We're looking for problem solvers that can translate data and great critical thinking into benefits for customers and growth for our business.

Find out more at: <https://jobs.capitalone.co.uk/earlycareers>

FINANCE

CapitOx

Founded in 2008, CapitOx is the University of Oxford's premier Finance and Consulting society.

With over 3,200 students involved, we have created an inclusive community of students interested in finance and consulting. Our overarching aim is to equip our members with the skills, network, and experiences to pursue any chosen career field. As such, we introduce our members to a myriad of fields from strategy consulting and venture capital, to investment banking and private equity. Our Consulting and Finance branches run termly programmes and events in the fields of consulting, fundamental investing (through our student-managed investment fund), quantitative trading, and mergers and acquisitions. Our members have consistently secured internship and full-time placements at top firms in both finance and consulting, including Point72, Goldman Sachs, Blackstone, McKinsey and more.

CONSULTING

CIL Strategy Consultants

CIL is a global growth strategy consultancy. We work with organisations on the decisions that shape growth, from value creation strategies to pricing, data and analytics.

Our approach is rigorous and practical, grounded in deep sub-sector knowledge and careful analysis. We dig into the detail, test assumptions and stress-test every recommendation against the realities of the market. That's how we help organisations see what matters, think ahead, and set clear priorities that lead to confident decisions and strategies built to deliver results.

We have offices across the UK, US and Europe, and work across a wide range of sectors. Although we work in structured project teams, we are socially very equal, friendly and inclusive – our 'culture' is the product of our people. Our values of excellence, integrity, and supportiveness guide how we work, both with clients and each other.

During recruitment, we offer additional assessment time, disclosure routes via a dedicated recruitment contact, pre-interview mentors, structured interviews with scoring systems designed to test only the relevant technical skills, and written alongside verbal interview questions. In the workplace, we provide quiet working spaces, hybrid working, structured one-to-ones with written follow-up, assistive technology, internal mentoring and buddy schemes, flexibility around breaks and appointments, and an Employee Assistance Programme.

Find out more at: <https://cil.com/careers>

CONSULTING

Citadel & Citadel Securities

Citadel is a premier global alternative investment manager, managing capital for institutional investors through multi-strategy funds.

Citadel Securities is a leading global market maker, providing liquidity to institutional and retail clients across diverse asset classes. While separate companies, both are elite quantitative financial institutions powered by cutting-edge technology and world-class talent in trading, research, and engineering.

Citadel and Citadel Securities are committed to providing equal opportunities and fully support disabled and neurodivergent individuals throughout the recruitment process and in the workplace. During recruitment and within the workplace, we proactively consider and implement tailored reasonable adjustments—such as modifying interview formats, adjusting work schedules, or providing specialized equipment—to ensure all qualified individuals can perform at their best without experiencing undue hardship.

FINANCE

d-fine

d-fine is a European consulting company with 2,000 employees and a growing international presence with eleven offices distributed across seven countries. Our projects focus on quantitative challenges in data analytics, data science, modelling, and the development of sustainable technological solutions. Our approach is based on over 20 years of practical experience and dynamic teams with an analytical and technological focus. Our tasks, projects, clients and working models are diverse. We work as a team on-site at the customer, together at one of our offices or remotely in virtual project rooms.

To expand our Consulting & Solutions teams, we are looking for students/graduates of physics, mathematics, computer science or natural sciences, engineering and economics with quantitative or technological specializations. You must have a very good academic record, be fluent in English and have a high mathematical and/or technological affinity. In addition to strong analytical skills and a results-oriented approach, we attach great importance to social competence. Collaboration and cooperation are part of our company philosophy and is reflected in our work structures, employee development and incentive schemes.

Joining d-fine is possible throughout the whole year at the beginning of each month. After our intensive onboarding program, which lasts several weeks, you will join a (project) team working for our customers.

Our aim is that you feel at home with us and are motivated for the long term. That is why we offer you, in addition to exciting tasks and projects, a collegial team, attractive career and salary model, as well as a wide range of additional benefits, such as our extensive training program as part of the d-fine Academy.

CONSULTING

Elixirr

Elixirr International plc is a global consulting firm with a bold ambition: to become the best consulting firm in the world.

Founded in 2009 to challenge a declining industry standard, we've grown from a single vision into a powerhouse of entrepreneurial talent, delivering boardroom strategy through to execution.

After IPO-ing on AIM in July 2020, Elixirr moved to the Main Market of the London Stock Exchange in July 2025. In that time, our market cap has grown from £98 million to over £350 million – a testament to our differentiated approach and relentless pursuit of excellence.

With a presence across the UK, US, EU, and South Africa, and a client base spanning industries and geographies, we've welcomed seven boutique firms into the Group. This has broadened our capabilities across creative, digital marketing, data and AI, procurement, transformation, and more.

Our vision of becoming a services unicorn is firmly within reach – and this is just the beginning. We're looking for exceptional talent to join us on this exciting growth journey and shape the future of consulting.

CONSULTING

Fairgrove

Fairgrove is an ambitious, high-growth firm, with an informal, entrepreneurial culture and a close-knit team. As an Associate at Fairgrove, you will have direct exposure to senior staff and clients from a very early stage, and will gain a huge variety of experience across multiple sectors, solving interesting strategic challenges on a daily basis. You will also have the opportunity to contribute to the day-to-day running and development of the firm. We offer competitive remuneration packages, and have a busy social calendar.

New Associates will form the core of a project from their first day at Fairgrove. On-the-job learning is combined with a formal training programme, designed to give our team members an all-round consulting toolkit. We are supporting our employees by offering online analytics training courses, where each employee has a personalised learning plan for his or her level of knowledge and skill.

Our consultants have graduated in a broad range of subjects, so we welcome applications from undergraduates and postgraduates in any discipline.

Find out more at: <https://fairgrovepartners.com/careers/#graduate-recruitment>

CONSULTING

First Actuarial

First Actuarial has been around since 2004, when a small group of like-minded actuaries came together to bring fresh thinking to pensions consultancy. More than two decades later, our strong growth path has continued year on year, and we now employ over 500 people across seven locations.

First Actuarial is owned by Gallagher, one of the world's leading insurance brokers, risk management and consulting firms. First Actuarial forms part of Gallagher's UK Benefits & HR Consulting division (GBS UK).

GBS UK is a leading provider in the pensions consultancy market, offering a full end-to-end retirement proposition, including actuarial and investment consulting, risk transfer, pensions administration and retirement communications. With experts positioned across all regions, we support pension schemes of all sizes across the full range of solutions.

First Actuarial operates nationally with more than 550 colleagues across seven UK offices. Our focus is on delivering high-quality advice and service at a fair and transparent level of fees.

As we develop our business, opportunities for our people grow. Our Basingstoke, Birmingham, Leeds, Manchester, Peterborough, Tonbridge, and London offices provide supportive work environments where everyone can make a difference. We enjoy work and celebrate our successes. And we provide support and helpful feedback, so we all learn and improve.

We love numbers, but we love people more. Staff wellbeing and work-life balance have always been core values. Beyond the firm, we're known for our integrity. We're happy to challenge conventional thinking and speak up. Our pioneering work is set to transform the lives of millions of younger people with a new type of pension.

CONSULTING

Five Rings

Five Rings is a quantitative proprietary trading firm founded with a vision of combining strategy, innovation and technology to succeed in today's global markets. Five Rings trades in various domestic and international markets, both established and esoteric.

Our team constantly seeks new opportunities, analyzes their risks and rewards, and creates strategies and tools to capitalize on them. We have an open culture and encourage the flow of knowledge and ideas between all areas of the firm. New hires work both independently and with others to develop ideas and analyses, and integrate them into our trading strategies and systems. Our firm is a meritocracy and progress in both responsibility and compensation is rapid for those capable of demonstrating excellence in their particular field.

Five Rings does not depend on clients or outside investors. The strength of our firm comes from the talent of our people.

FINANCE

FTI Consulting LLP

FTI Consulting is a global business advisory firm, with operations in sectors including Corporate Finance, Strategic Communications and Technology Consulting. The focus of the Economic and Financial Consulting (EFC) division is the expert provision of economic, financial and accounting advice and analysis. This expertise is usually applied in the context of assessing damages and valuing companies as part of high-profile legal disputes. In addition, EFC also uses its expertise to advise governments and companies on economic regulation and policy. More information on EFC can be found on our graduate website.

We are looking for numerate, logical and inquisitive team players from all subject backgrounds to contribute to our continued success. You will have the chance to work on challenging assignments across a range of industries, dealing with complex problems in a structured way, combining academic rigour with commercial judgement. As a consultant, you will also benefit from working in small teams with extensive exposure to senior staff, comprehensive in-house training, and sponsorship to study for the Chartered Financial Analyst (CFA) or Chartered Accountant (ACA) qualification.

FTI Consulting is able to provide accommodations throughout the recruitment process, such as additional time for tests. We are also very proud of our Neurodiversity Network, one of our Employee Resource Groups. These groups are dedicated to cultivating a safe and inclusive environment where every individual feels seen, heard, and valued in the workplace.

FINANCE

Institute for Fiscal Studies

We are a team of economists working in collaboration with other academic institutions and experts from the public services, third sector and business.

The IFS is recognised as a global centre of excellence for social science research by the UK's Economic and Social Research Council. We are proud of our reputation for academic rigour, policy impact, high-quality communications and absolute independence. It is this reputation – and our commitment to upholding the highest possible standards of quality, rigour and transparency – that ensure that our research, commentary and analysis is so widely used and cited.

Working at the IFS

We specialise in the economic analysis of public policy, bridging the gap between purely academic research and issues of practical policy design or evaluation. You will carry out in-depth economic research and communicate your findings to politicians, journalists, academics and others such as campaigning groups and professional organisations.

You will work closely with colleagues in a small team as well as with other teams across the Institute; your colleagues will include policy experts and leading academics from the UK and overseas. We will support you in developing your skills, through further study, ad hoc training and by giving you opportunities to get involved with all aspects of research and communication right from the start.

We recruit annually for research economists, post-doctoral fellows, graduate scholars and summer students. We also consider applications for senior economists on an ongoing basis.

CONSULTING

Intropic

Intropic is a financial information and software company operating at the cutting edge of global capital markets. We pair modern technology (elastic cloud infrastructure and agentic AI systems) with deep market expertise to build information products that the world's most sophisticated financial institutions rely on every day. Our clients include hedge funds, proprietary trading firms, index fund managers, large asset managers, sovereign wealth funds, and investment banks, who use our products to generate alpha, manage risk, and make better decisions in fast-moving markets.

We're best known for our Index Rebalance Forecast products, and we're now extending that edge into several other strategies. Headquartered in London's Canary Wharf and expanding globally, we're a team that moves fast, takes real ownership, and holds itself to a high standard of rigour and integrity.

FINANCE

Jane Street

Jane Street is a quantitative trading firm with offices worldwide. We hire smart, humble people who love to solve problems, build systems, and test theories. You'll learn something new every day in our office—whether it's connecting with a colleague to share perspectives, or participating in a talk, class, or game night. Our success is driven by our people and we never stop improving.

Ensuring folks feel included and that they belong here at Jane Street is a high priority for us. We dedicate a lot of intention to inclusion because regardless of your identity, if you don't feel comfortable at Jane Street, you can't do your best work. If you require adjustments in the interview process or as an intern, we ask candidates to let us know as soon as possible, and together, we can work through the adjustment request.

FINANCE

KEARNEY

For 100 years, Kearney has been helping some of the world's leading organisations solve their most complex challenges. As a global management consulting firm operating in more than 40 countries and serving three-quarters of the Fortune Global 500, Kearney combines strategic thinking with hands-on execution to deliver real, measurable impact.

What sets Kearney apart is its "**Impact First**" philosophy. Rather than simply creating recommendations, Kearney works side-by-side with clients to turn ideas into action, helping businesses, governments, and institutions achieve lasting transformation and sustainable growth.

For graduates and early-career professionals, Kearney offers the opportunity to work on high-profile, global challenges across industries including consumer goods, healthcare, technology, energy, financial services, and the public sector. Consultants gain exposure to senior leaders from day one, develop a broad range of business skills, and work in diverse teams that value curiosity, bold thinking, collaboration, and entrepreneurship.

Kearney is also renowned for its distinctive culture. The firm prides itself on being collaborative, down-to-earth, and inclusive, with a strong commitment to diversity, personal development, and social impact. Its core values—curiosity, generosity, boldness, solidarity, and passion—create an environment where individuals are empowered to grow, contribute, and make a meaningful difference.

If you're looking for a career where you can tackle meaningful problems, work with exceptional people, and create impact from day one, Kearney offers a platform to build your future while helping shape the future of business and society.

Newton

At Newton, we're looking for extraordinary people to take on extraordinary challenges - graduates driven to deliver meaningful, lasting impact with our clients.

We don't dictate change - we create it with people at every level. Our consultants tackle complexity with rigour and a deep understanding of the human factors behind every challenge. We go further: working on the ground, building trust, and delivering change that lasts. As one team, we uncover the truth - working in a meticulous, collaborative way until outcomes are realised. It's this focus on turning strategy into delivery that sets us apart.

We're looking for Graduate Consultants to join us. From day one, you'll take on real responsibility - working side-by-side with clients on site to shape their future success, from energy security to better patient outcomes, and retail supply chain resilience to rewiring public services.

You'll develop quickly in a fast-paced environment where responsibility comes early, and you'll be supported to grow. Working closely with clients, you'll build the skills that define a great consultant - combining structured thinking with resilience and a strong sense of ownership. As you grow, you'll see the direct impact of your work, with opportunities to broaden your experience and develop a long-term career.

This is what it takes to begin your career in consulting.

We're committed to creating an inclusive environment where disabled and neurodivergent candidates can thrive. We work with each individual to understand any support or adjustments that would help them feel comfortable and perform at their best, both throughout the recruitment process and once they become part of the Newton team.

FINANCE

OC&C Strategy Consultants

Founded in 1987, OC&C Strategy Consultants operate around the world to bring clear thinking to the most complex issues facing ambitious management.

Depending on your chosen track, either in our strategy or analytics team, graduates and undergraduates join as Associate Consultants and work across all industry sectors. Our expertise spans a diverse range of sectors, including Retail, Leisure & Hospitality, Technology, Media & Technology (TMT), as well as Fast Moving Consumer Goods (FMCG) and Business-to-Business (B2B) services. We also have a strong history in private equity and analytics. We work in small project teams, typically smaller than in most consultancies.

You will be given opportunities from the outset to contribute to the analysis, thought process and creation of high-level strategic advice. You will be a part of our philosophy of applying 'uncommon sense' to each unique situation, providing customised solutions rather than generic packages. You will have contact with our clients from a very early stage and play a full part in the development and communication of vital strategic recommendations. Our clients are varied; some are multinationals, others are smaller seeking leadership in new and fast-growing markets. All are leading companies with a firm grasp of the importance of excellent strategy.

From the beginning, your ideas are welcomed and used by the team. We believe the best way to motivate people is to ask their opinions, use their analysis and involve them fully. Associates learn most effectively by working with our most experienced professionals from the start. We have confidence in the quality of our people and the work they produce.

CONSULTING

Pragmatix Advisory Limited

Established in 2020, Pragmatix Advisory is an **economics, strategy and policy consultancy** that produces bespoke reports and forecasting models for a range of clients. We have worked with local government, trade associations, businesses and various charities to demonstrate both their social and economic contribution to the United Kingdom, and the impacts that policy changes could have. Most of these go on to be published and used to lobby central government.

If you want your work to make a difference, you're looking in the right place.

Our staff hit the ground running, contributing to all elements of our reports rather than specialising in just one or two departments. We benefit from a small, tight-knit team from diverse walks of life that contribute to their different specialties. **We operate entirely remotely**, meaning that our staff are based across the United Kingdom, but come together every morning in our virtual office. Every year we offer **paid internships** that are also completed remotely – as long as you are based in and have the right to work in the United Kingdom, you can join us!

Join us at the Oxford University careers fairs to meet our team, **speak to previous interns and our managing director** and learn more about what we have to offer.

Proud to be part of the OxAbility scheme, Pragmatix Advisory is a fully remote working organisation. Team members can work from anywhere in the United Kingdom with an adequate broadband connection. We are always ready to talk to candidates about the support and adjustments they need.

FINANCE

RBB Economics

RBB Economics is a world-leading consultancy specialising in the economics of competition law.

With 18 offices globally, our work covers all aspects of competition economics, including mergers and acquisitions, market investigations, abuses of dominance, vertical agreements, joint ventures, and collusive practices. We provide high-quality, professional, independent advice through the application of the latest advances in economic theory and econometric techniques.

We practice real-world economic reasoning and work to uncover the complexities of markets rather than relying solely on theoretical models. Putting evidence first is the only way to understand the complete competitive picture.

We ask questions, listen to the answers, and build relationships to identify the issues that matter to an industry. We take pride in making the complex simple to understand and explain. We recruit all year round and are currently looking for exceptional, highly motivated economists to join the firm as Associates. We also offer internships to undergraduate and postgraduate students.

We ask a mandatory question on reasonable adjustments at the point of application. This allows applicants to articulate any specific support they need during any stage of the recruitment process.

We also have the ability to extend time allocation for an online assessment for applicants entitled to additional minutes. The applicants will need to provide documentation that confirms the time adjustment.

Re adjustments in the workplace, we treat these on a case-by-case basis.

CONSULTING

Rothesay

Who are we?

Rothesay is the UK's largest pensions insurance specialist, purpose-built to protect pensions and provide long-term security. We manage over £73bn in assets, secure pensions for nearly one million people and pay out around £360m each month.

Why Rothesay?

We seek bright, original thinkers from all backgrounds who bring creativity, rigour, and collaboration to complex challenges. Interns and graduates contribute from the outset, working with specialists, gaining business-wide exposure, and building networks. Learning, feedback, and support help them develop.

Our Opportunities

We offer graduate roles and an eight-week summer internship for penultimate-year students. Graduates take on meaningful responsibility and receive training, development, and mentoring. Interns begin with a Fundamentals Week before gaining hands-on experience, training, and networking across the firm. Interns may be considered for a graduate role. Opportunities may include Asset Management and Trading, Actuarial, Operations, Product Control, Risk, Strats, Technology and Treasury.

Visit our [Graduate and Intern Programmes page](#) to explore life at Rothesay and make an application.

Rothesay is committed to providing an inclusive and accessible experience for disabled and neurodivergent candidates, and we encourage applicants to let us know at any stage of the recruitment process if they require reasonable adjustments. We also work with colleagues to consider and implement reasonable workplace adjustments tailored to their individual needs, supporting them to work comfortably and effectively.

Find out more at: www.rothesay.com/about-us/working-here/careers/graduate-and-intern-programmes/

FINANCE

Royal Bank of Canada

RBC Capital Markets is recognized by the most significant corporations, institutional investors, asset managers, private equity firms, and governments around the globe as an innovative, trusted partner with an in-depth expertise in capital markets, banking, and finance.

We are well-established in the largest, most mature capital markets across North America, Europe, and the Asia-Pacific region, which collectively encompass more than 75% of global investment banking activity each year.

We ask a mandatory question on reasonable adjustments at the point of application. This allows applicants to articulate any specific support they need during any stage of the recruitment process.

We also have the ability to extend time allocation for an online assessment for applicants entitled to additional minutes. The applicants will need to provide documentation that confirms the time adjustment.

Re adjustments in the workplace, we treat these on a case-by-case basis.

Saïd Business School

Saïd Business School is a vibrant and entrepreneurial business school embedded in the University of Oxford. Our degree-level programmes aim to challenge traditional perspectives and generate impactful ideas. Discover how our programmes can support you in achieving your career ambitions.

Saïd Business School works in partnership with the University's Disability Advisory Service to ensure disabled and neurodivergent students have access to the support they need. Reasonable adjustments can be put in place, where required, to ensure that every student is able to thrive in their studies. This can include, for example, adjustments to teaching, assessments and the physical environment. We encourage students to share their needs as early as possible so we can work with them to ensure the appropriate support is in place.

Societe Generale

Empowering those who want to move the world forward. That's how we're creating brighter futures at Societe Generale. And no one has a bigger role to play in shaping a sustainable, equitable and prosperous world of tomorrow than the next generation of banking talent.

Societe Generale Global Markets offers high-quality cash and derivatives solutions across markets and asset classes through our market-leading engineering and trading capabilities. Additionally, we offer value added services through Cross-Asset Research, Solutions and Advisory and Digital Services.

A Summer Internship with Societe Generale will test your critical thinking skills sharpened through your degree, while providing you with an invaluable experience at the frontier of modern banking. This experience combines rich development with real-world responsibility - it's a giant leap forward into a rewarding future career.

Join us as an intern in Global Markets, you will rotate across 2 teams spending 4 weeks in each across Sales, Trading, Financing and Research, realise a future where you can learn, discover and be yourself. The internship is a structured 8-week programme with a variety of core learnings, optional learnings, networking sessions and a group project to be presented during your final week

Strategy&

Strategy& is PwC's global strategy consulting business. We help companies, investors and public sector organisations shape strategies that deliver measurable results.

We work across corporate strategy, M&A deals strategy, economics and public sector strategy. We advise on market entry, growth and operating model design, and conduct commercial due diligence assessing markets, customers, competitors and business plans. Our economists assess the impact of policy and regulation, while our public sector team helps governments set priorities and improve outcomes.

Our 300+ strategy practitioners work across consumer markets, energy, infrastructure, industrials, financial services, healthcare, technology and media. From the outset, junior colleagues contribute analysis and ideas that shape clients' strategic direction while gaining broad experience.

Students from all backgrounds can join through our Diversity Pathways Insight Programme for first- and second-year students, eight-week Summer Internship for penultimate-year students or full-time Graduate Programme for final-year students.

We seek curious, analytical and creative team players who enjoy solving complex problems and creating lasting impact.

CONSULTING

Teneo Management Consultancy

We are Teneo, the global CEO advisory firm that works exclusively with the leaders of the world's most complex organisations. Teneo was founded in 2011 with a vision of redefining the advisory business, providing clients with a unique set of services not offered elsewhere under one roof. It now has 18 offices worldwide, with four key divisions (Management Consulting, Strategy & Communications Advisory, Risk Advisory and Capital Advisory).

Our Management Consulting division focuses on answering key strategic questions for business and public-sector leaders through our mix of senior experience and rigorous analysis, combined with the unique expertise that exists across Teneo. We operate across a diverse array of sectors including healthcare, transport, software and TMT, amongst others. Within these markets, we provide strategic, operational, and due diligence support, advising reputable FTSE 100 and Fortune 500 firms, key public-sector organisations and leading private equity houses.

FINANCE

Zopa Bank

Hello there. We're Zopa.

We started our journey back in 2005, building the first ever peer-to-peer lending company. Fast forward to 2020 and we launched Zopa Bank. A bank that listens to what our customers don't like about finance and does the opposite. We're redefining what it feels like to work in finance. Our vision for a new era of banking puts people front and centre — we've built a business that empowers everyone to aim high, every day, to move finance forward. Find out more about our fantastic offerings at [Zopa.com](https://zopa.com)!

We're incredibly proud of our achievements and none of it would be possible without the amazing team here. It's not just industry awards we're winning, we've also been named in the top three UK's Most Loved Workplaces.

If you embrace unconventional challenges, are unafraid to think differently and are driven to make an outsized impact, you'll thrive here at Zopa, so join us, and make it count.

Zopa is building a fairer financial world, and that same spirit of fairness and inclusivity is at the heart of how we build our teams and culture. Candidates can request adjustments at any stage of our assessment and interview process, and our Talent team will work with them to put appropriate support in place. We also support colleagues with workplace adjustments throughout their time at Zopa.

ZS Associates

ZS is a management consulting and technology firm with a global team of 13,000+ employees across 35+ global offices.

We consult to provide custom solutions as well as build technology platforms and products that help healthcare clients grow revenue, increase market share, and enhance their overall performance.

We take a client-first approach, partnering closely with our clients from the initial stages of product/service development all the way to go-to-market, which means we help with everything from the initial idea to the final delivery, ensuring their products/services meet market demands.

Accessibility@ZS supports ZSers with disability-related needs and helps make ZS more accessible and inclusive for everyone. Alongside communities such as Healthy Minds@ZS, we are committed to creating an environment where all colleagues can thrive and can provide reasonable adjustments throughout the recruitment process and workplace as needed.

Where appropriate, we can provide reasonable adjustments throughout the recruitment process, including additional time for assessments in some instances, and other accommodations based on individual needs. We encourage candidates to discuss any support requirements with us so we can help ensure they have the best opportunity to succeed.
